PROFILE

Product Designer with experience since 2021 across iGaming, FinTech, SaaS, e-commerce and service websites. I turn complex requirements into clear user flows, responsive interfaces and reusable design systems. I combine UX/UI, interaction design and practical HTML/CSS knowledge to support implementation and developer handoff.

CORE EXPERTISE

User flows and page logic · Responsive web and mobile UI · Design systems and components · Interactive prototypes · Motion and microinteractions · Developer handoff

EXPERIENCE

ClickWise / UI/UX & Motion Designer

Sep 2025 - Present · Israel · Remote

- Design interfaces for marketing, FinTech and iGaming products.
- Create motion assets, Lottie animations and animated UI components for digital experiences.

Onseo / Product Designer

Dec 2024 - Sep 2025 · Ukraine · Full-time

- Led UX/UI design for iGaming platforms spanning Sportsbook, Casino, Live Casino and In-Play betting; contributed to Proxima by WA Technology.
- Built design systems, defined page logic and designed interface animations; used AI tools to support the design workflow.

Independent projects / Upwork / UI/UX Designer

Mar 2021 - Present · Remote · Freelance

- Design web and mobile interfaces, landing pages and motion assets across iGaming, FinTech, SaaS, e-commerce and beauty.
- Translate client requirements into responsive layouts, reusable Figma components, prototypes and implementation-ready handoff.

SELECTED WORK

Proxima / iGaming · Design system

Contributed to a scalable design system for WA.Technology sportsbook and casino products. Designed reusable components, light and dark colour scales, and Figma variables for spacing, borders and radii across desktop and mobile.

PlayThrive / iGaming · Responsive UX/UI

Designed responsive sportsbook and casino interfaces across desktop, tablet and mobile. Scope included sports navigation, match cards and odds, game discovery, search, provider selection and mobile bottom navigation.

Hub Body Parts / E-commerce · UX/UI architecture

Designed a vehicle-based parts catalogue, fit and paint details, and a five-step checkout. Connected VIN/photo assistance, customer accounts, order tracking and admin interfaces within a responsive Figma design system.

EARLIER EXPERIENCE

Great Pro / UI/UX Designer

Oct 2024 - Nov 2024

Designed landing pages, banners and social assets for clients including L'Oréal, NYX, DermaClub and Lactalis.

Webcapitan / UI/UX Designer

2023 - 2024

Designed websites, landing pages, animations and custom graphic assets for client projects.

KiWiCode Solution / Team Lead Designer

2022 - 2023

Led design for the Vacancy Manager mobile app and web projects; created icons and reusable visual components.

VMK Group / UI/UX & Graphic Designer

2021 - 2022

Designed landing pages, web platforms, interactive presentations, logos and brand assets.
